

PADI MASTER SEAL TEAM

Why take this course?

The PADI Master Seal Team is for the younger divers who want to take their diving skills to the next level, by completing Speciality aquamissions like Night diving, Wreck diving, Photography and Environmental awareness. This is really cool, allows you to meet with your scuba friends regularly and have lots of FUN. It also teaches you responsibility.

Who can take this course?

It's available for girls and boys aged 8 and above. You must already be a qualified PADI Seal Team member to commence with the PADI Master Seal course.

How long does it take?

Each Specialty aquamission takes approximately 30 – 60mins to complete. All 10 missions must be completed to apply for the PADI Master Seal rating.

How much does it cost?

Each Specialty mission costs £15. This includes all equipment, pool time, and PADI Instructor supervision. All of our staff are Disclosure Scotland vetted.

How can I book the PADI Master Seal course?

Simply call Beth or Simon at Deep Blue Scuba on 0845 838 7785 or email us at info@deepbluescuba.co.uk.

You can also visit our website at www.deepbluescuba.co.uk and check the KIDS section.

Master Seal Team Specialty Aquamissions

Creature ID Specialist

- Learn how to identify aquatic animals
- Learn how these animals move, swim or push themselves through the water.
- Identify aquatic creatures
- New hand signals for aquatic creatures

Environmental Specialist

- Here you play the role of a scientist: practice, search for and uncover the secrets of pollution
- By knowing these skills you will help you protect the environment both above and below the water
- Swim feet high, head low search position
- Underwater clean-up of rubbish using a search pattern

Inner Space Specialist

- Here you will learn how to hover in the water just like an Astronaut
- We have a special space capsule for you to build underwater and then practice your buoyancy around it

- Fin pivots
- Hovering

Navigation Specialist

- Here you'll learn to measure distances underwater and how to not get lost when diving!
- Underwater compass practice
- Measure distances by counting kick cycles

Night Specialist

- Here you will find diving in the dark exciting and fun, the parents will wonder what's going on as all they can see are your lights
- This is one of the greatest dives to do with your buddies and it's super cool
- We will show you how to signal your buddy underwater at night

Safety Specialist

- Here you will learn how to help and care for your fellow buddy if they get into trouble
- Pre-dive safety check
- Cramp removal of yourself and your buddy
- Throw a rescue line or float to a buddy in need
- Surface buoyancy of yourself and your buddy
- Rescue tow a buddy

Search & Recovery Specialist

- Here you'll learn how to search for a lost item and bring it safely to the surface
- Search for a lost item on pool bottom using special search patterns
- Remove an object from pool bottom by using lift bag and your octopus

Skin Diver Specialist

- This is the only session where you will not be in scuba however good snorkelling skills are an essential part of diving
- Practice snorkel, mask and fins adjustment
- Snorkel swim on surface without using your hands
- Blast clearing your snorkel
- Removing water from your mask
- Control your direction while swimming on the surface and duck diving

Snapshot Specialist

- Learn how to take really cool underwater photographs of your buddies and then show them to all your friends
- Take pictures underwater and learn how to get some special effects

Wreck Specialist

- Ever wondered what it might be like to explore a sunken wreck?
- We will show you how to assemble a wreck underwater then explore it carefully avoiding potential hazards (the hazards are not real for this exercise)
- Practice good buoyancy control
- Measure and map the wreck whilst underwater
